Founded in 1982, the Play Group is a cooperative run by parents and caregivers with guidance from the Director. Sessions take place in a room specially equipped for arts and crafts projects, free play time, story time, snack and music. Your little ones will have their first school experience in a loving atmosphere where they can make new friends and learn how nice it can be to go to school.

Emphasis is on socializing, encouraging the children to get along with one another and sharing their playthings. They can have their birthday parties and celebrate special holidays together.
